Randall's Island,
New York 35, N. Y.

Dear Bob:

Emil Praeger has completed his work on the site* we informally discussed and at your convenient I would like to hear a little bit more about it. I went over the land this morning with Praeger's maps and ideas, and have come to the conclusion that we should look into the possibilities further. If you could spare me some time I could drop over to your office or to Babylon.

Sincerely,

Walter F. O'Malley.
