Mr. Walter O'Malley, President
Brooklyn Dodgers
215 Montague Street
Brooklyn 1, New York

Dear Walter:

Now that I have returned home, may I thank you again for the wonderful hospitality you extended to Supervisor Francis McCarty and me during our too brief stay in your city.

I certainly appreciated the time you took from your busy schedule to discuss the new kind of stadium with its unique construction features, and will shortly submit this plan to our engineers for their study.

Upon my return to the city I was met by representatives of the press, television and radio, and upon questioning I confined my remarks, as previously agreed by us. However, representatives of the various media on occasion take the liberty of elaborating on certain remarks made, as you so well know. This, we must understand, is beyond our control. In this connection, and in deference to Baseball Commissioner Ford Frick's wishes, we will confine our remarks pending the finalization of plans for Major League Baseball in San Francisco.

I am today writing Mr. Horace Stoneham and informing him that a letter of intent, as previously agreed upon, will be forthcoming within the immediate future.

Again, my sincere thanks for your cooperation in this matter of mutual interest.

With every good wish, I am

Very sincerely yours,
