LOS ANGELES 54, CALIFORNIA

July 24, 1950

To The Families of The Palo Verde and Chavez Ravine Areas:

This letter is to inform you that a public housing development will be built on this location for families of low income. The attached map shows the property that is going to be used. The house you are living in is included.

Within a short time surveyors will be working in your neighborhood. Later you will be visited by representatives of the Housing Authority, who will ask you to allow them to inspect your house in order to estimate its value. Title investigators will also visit you. You should be sure that any person who comes to your house has proper identification.

It will be several months at least before your property is purchased. After the property is bought, the Housing Authority will give you all possible assistance in finding another home. If you are eligible for public housing, you will have top priority to move into any of our public housing developments. Later you will have the first chance to move back into the new Elysian Park Heights development.

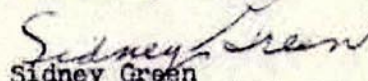

Three offices are being opened in this area to give you information and answers to your questions. They are located as follows:

Santo Nino Parochial Hall at 1034 Effie St., (rear of Church)
San Conrado Mission at 1809 Bouett, (near Amador St.)
Tony Visco's old grocery store at 1035 Lilac Terrace

You are welcome to come in at any time. We will be open day and night this week, July 24 through July 28, and during the day Saturday, July 29. Next week we will be open during the day and in the evenings by appointment. Telephone ANGelus 2-1963 for any information.

We want to assure you that it is our intention to help you and work with you in every way possible.

Yours very truly,

Sidney Green
Management Supervisor
